

SCHOOL OF MECHANICAL ENGINEERING

September 23, 2009

To Whom It May Concern,

I am pleased to write this letter to recommend Shore Western to future clients. I have been working with Shore Western for about 13 years. My first interaction with this company was for the construction of my shake table facility in 1997, which was very successful. I purchased the hydraulic system from Shore Western for the table and found them easy to work with and very knowledgeable if there were questions about the system. Over the years they have continued to be supportive. I would be pleased to work with them again in the future.

Sincerely yours,

A handwritten signature in cursive script that reads "Shirley Dyke".
